RAJ SRIVASTAV

SOFTWARE ENGINEER

P 8421843544   **E** Email   **G** Github   **W** Portfolio

OBJECTIVE

I am a fresh graduate with a degree in computer science and a passion for web development. I have developed several web applications using the MERN as part of my academic projects and personal portfolio. I have a solid understanding of web technologies, such as HTML, CSS, JavaScript, and RESTful APIs. I am eager to join a team of talented and experienced developers and contribute to the development of innovative and user-friendly web solutions that meet the business goals and requirements of the company.

PROJECTS

Ecommerce App (MERN STACK)
- Storing data in cookies
- Maintaining Session using JWT
